

# HULUDAO STEEL PIPE TECHNOLOGY INDUSTRIAL CO., LTD.

28 October, 2022.

## Declaration

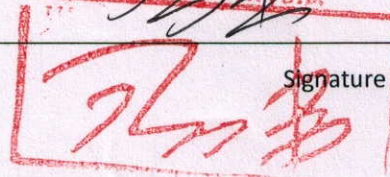

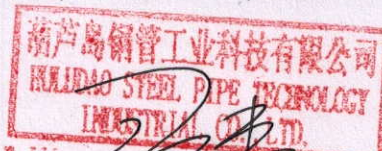

To whom it may concern

Many thanks for your purchasing of Huludao pipe products.  
Regarding your concern of scrap content used in Huludao pipe products, replies as follows:

More than 80% of raw materials applied to Huludao pipe (including ASTM A500) manufacturing are supplied by Chinese domestic makers. According to our understanding, scrap is around 20%. In additional to that, the maximum ratio of scrap will not exceed 35%.

Many thanks for your kind attention!
